**French or hinged doors** are a great option if interior wall space is limited. Bendigo Windows offer a wide range of inspired design options for the ever popular French door suite. Whether you select traditional colonial bars or clear panels, the French door is an elegant and practical way to open up your living area and allow wide access to a courtyard, garden or patio.

Adding to the versatility of this product is the ability to combine louvre, double hung or fixed light windows as decorative side lights, further enhancing the design features.
